

Love Light 2025

Partners of Stoughton Hospital presents a holiday tradition for the entire community. Our Love Light Ceremony reflects all traditions - spiritual, multi-cultural, and interfaith.

This year's theme is "Peace, Unity, and Compassion."

The Trees

Three Love Light Trees are located outside the hospital by the Stoughton Health Outpatient Center parking lot.

The tree with white lights is to remember those we have lost.

The tree with green lights represents a living tribute to someone special.

The tree with red lights honors or remembers those who have served or are currently serving in the military.

History

Since 1992, our annual Love Light celebration has provided an opportunity to come together to remember and honor special people in our lives. Donations are collected to remember someone no longer with us, to recognize those who are serving or have served in the military, and to recognize those special people among us.

Donations

Although donations are accepted all year, gifts need to be received by Friday, November 21, 2025 to be included in the 2025 Love Light Program.

To make a donation, complete and mail this form with a check payable to Partners of Stoughton Hospital to:

Partners of Stoughton Hospital Love Light
900 Ridge St., Stoughton, WI 53589
