April 2026

From Our President - Brenda Klitzke

Unity Within Our Organization

We are already through the first quarter of 2026.

With April comes the showers and the sunshine that together bring our plants to life. Our Partners' board is trying very hard to bring our members together in much the same way. Our organization will flourish if we can find that unity and work to help the hospital, community and each other.

Thank you all for supporting our cookie bakes, plant sales, card party, gift shop and so much more. *Together we can make a difference. I hope to see each of you as we "partner" together.*

New To Our Gift Shop

A welcome addition to our gift shop inventory is the artistic products of local artist, **Chelsea Klitzke**. Stoughton landmarks done in water color on note cards are now available. Stop in before these high quality creations sell out. You're going to love them.

Chelsea's Artistic Journey

Chelsea was born at Stoughton hospital and grew up in Stoughton and graduated from Stoughton High School. Her passion for art began at a young age, sparked by her mother who handed her a crayon, igniting a lifelong love for artistic expression.

During her time at SHS, Chelsea enrolled in every art class available. When she had exhausted all formal art courses, she dedicated her study hall periods to independent work in the art wing, further honing her skills and exploring new techniques.

After high school, Chelsea moved to Madison and eventually found her way back to Stoughton with her husband and three children, making the decision to focus more on her family and her artistic pursuits.

Chelsea's artistic journey is characterized by her eagerness to experiment with a wide range of styles, mediums, and crafts. She has tried pottery, wood burning, painting, drawing, knitting, crochet, jewelry making, welding, and rosemailing. During the pandemic, she brought joy to her neighbors by creating chalk drawings throughout the neighborhood for everyone to enjoy.

Chelsea is currently dedicating her time to watercolor painting, creating wired and beaded jewelry, and designing gift items such as greeting cards, bookmarks, and jewelry. Chelsea hopes to expand her presence by selling her work in local gift shops and boutiques, She finds it remarkable and exciting whenever someone expresses interest in purchasing her artwork, describing the experience as amazing and surreal.
