

Volunteer Program

The Volunteer Program is a volunteer program for students ages 14 to 18 interested in healthcare and working with our patients in a supervised, supportive environment.

Volunteers gain real life experience in a health care setting while supervised by Stoughton Health staff. The Volunteers assist staff in meaningful activities to engage patients. These activities include visiting with patients, crafts, board games, music, reminiscing and exercise.

Commitment

Volunteers commit to volunteering for two hours a week for six weeks. The recommended hours are 3:30 to 5:30 p.m. or 4:00 to 6:00 p.m. Monday through Friday. Summer hours vary.

Application Process

Interested teens fill out an application. Applicants that are interested and enthusiastic about making a difference in the lives of our patients will be chosen for the program.

The Volunteer Program is offered in the spring, summer, fall and winter. Teens are welcome to volunteer for more than one session.

To apply or for more information, please contact Stoughton Hospital Foundation at (608) 873-2334 or go to stoughtonhealth.com/volunteer/.
